Spring Break safety tips

keeping your family safe

Sheriff John R. Lenhart

- **Get to know your surroundings** before you go out and learn a well-lit route back to your property. Always carry emergency cash and keep phone numbers for cab companies readily accessible.
- **Form a buddy system** and agree on a secret "butt in" signal for uncomfortable situations. There is safety in numbers and it's best to do things as a group. Try to have at least three members with you at all times when leaving the hotel or rental property. Trust your instincts, if you feel unsafe in any situation, go with your feeling.
- **Have an emergency contact person.** Provide them with your hotel phone and room numbers, the members of your trip, your flight plans (if any) and times you should arrive to your destination and return from your vacation. If any of this information changes, at any time, make sure to notify your contact person. If you do not already have one, try to obtain a cell phone. Take a few moments everyday to check in with your contact person.
- **Always submit an address** of where you will be to the local Law Enforcement Sex Offender Database, thereby giving you the information for which houses or areas to avoid.
